Curriculum Vitae

WORK EXPERIENCE

2010 – Present Tarrant Neurology Consultants, PA, Fort Worth, Texas
2006 – 2010 Private Practice, Fort Worth, Texas

MEDICAL DIRECTORSHIPS

2014 – Present Medical Director Neurology Stroke and Tele-Stroke Programs at Texas Health Resources Harris Methodist Fort Worth, Texas

TEACHING EXPERIENCE

2002 – 2005 Lectures of Interns and Medical Students of Robert wood Johnson Medical school
“The neurologic History and Examination”
2002 – 2005 Lectures for physician Assistant students “Headache”

PROFESSIONAL TRAINING

07/2005 – 06/2006 **Clinical Neurophysiology Fellow**
University of Texas at Houston
7000 Fannin Street
Houston, TX 77030
07/2002 – 06/2005 **Neurology Resident**
NJ Neuroscience Institute – Seton Hall University
JFK Medical Center
65 James Street
Edison, NJ 08818
07/2001 – 07/2002 **Medicine Internship**
Mount Sinai School of Medicine
Jersey City Medical Center
50 Baldwin Street
Jersey City, NJ 07304

MEDICAL EDUCATION

04/09/1992 **MBBS**
MLN Medical College
Allahabad, India

CERTIFICATION AND LICENSURE

Texas Medical Board

PROFESSIONAL EXAMINATIONS

2007

Diplomate, American Board of Psychiatry and Neurology

2008

Diplomate, American Board of Vascular Neurology and Stroke

PROFESSIONAL MEMBERSHIPS

American Academy of Neurology

Tarrant County Medical Society

PUBLICATIONS AND PAPERS

Evidence against Vascular Ischemia as the Etiology of Transient Global Amnesia. A Diffusion-Weighted MRI study: Abstract accepted in 81h congress of European Federation of Neurological societies being held in Paris, France, September 4th-7th 2004

Gamma Knife Radio Surgery Treatment of Trigeminal Neuralgia in Suburban Community Hospital: Analysis of Demographics and Clinical result. Abstract accepted at the 129th Annual Meeting of the American Neurological Association in Toronto, Ontario, Canada, October 3rd-6th 2004

The value of EEG in patients with syncope: Abstract accepted in American Clinical Neurophysiology Society annual meeting at Montreal, Canada, October 1st-2nd 2004

Neuropathy associated with Anti MAG Ab – Primary author of the chapter in Med link

CLINICAL RESEARCH EXPERIENCE

Sub-Investigator – ARTIST MRI Trial (AMPA Receptor Antagonist Treatment in Ischemic Stroke Trial MRI): A randomized, double-blind, placebo-controlled study to evaluate effects of YM872 on lesion volume as measured by diffusion, perfusion, and flair MRI in patients with ischemic stroke.

Sub-Investigator – Protocol No. 872-CI-004: A multicenter, stratified, randomized, double-blind, placebo-controlled study to evaluate neurological function and disability in patients with acute ischemic stroke given tissue plasminogen activator plus YM872 or tissue plasminogen activator plus placebo.

Sub-Investigator – A randomized, double-blind, placebo-controlled, multi-center study of the effects of ONO-2506 intravenous infusion on the amelioration of neurological damage and improvement of stroke assessment scale scores in patients with acute ischemic stroke.

Sub-Investigator – A randomized, double-blind, placebo-controlled trial to evaluate the efficacy, safety, tolerability, and pharmacokinetic/pharmacodynamics effects of a targeted exposure of intravenous repinotan HCL in patients with acute ischemic stroke Modified RECT.

Sub-Investigator – An open-label randomized, parallel group, multi-center study to evaluate the efficacy and safety of enoxaparin versus unfractionated heparin in the prevention of venous thromboembolism in patients following acute ischemic stroke.
